STRATEGIC PARTNERSHIP PROPOSAL

Digital Engagement Partnership Proposal

Enhancing the MyTeletalk Super App Experience through integrated gaming, content, and utility services.

ToofanGames | Kabbik Audio | Daily News | Prayer Time

Telecom Apps Are Becoming Super Apps

Users increasingly expect telecom apps to provide:

- Entertainment
- Information
- Utility services
- Digital content

OPPORTUNITY:

Transform MyTeletalk into a daily digital hub for subscribers.

Global Trend: WeChat, Grab, Paytm — all started as single-purpose apps

CORPORATE PROFILE

About Orbit Digital Solutions

Your technology partner for scalable digital platforms.

Gaming & Entertainment

Building immersive, skill-based gaming portals designed for high engagement and extended session times.

Telco-Integrated Apps

Deep expertise in integrating digital services directly with telecom core networks and billing systems.

Mobile-First Engagement

Designing user experiences specifically optimized for smartphone users and mobile data consumption.

Content Distribution Systems

Robust systems for delivering audio, news, and digital content at scale across mobile platforms.

"We build digital products that integrate seamlessly into telecom ecosystems"

STRATEGIC VISION

Creating a Digital Engagement Ecosystem

Richer Daily-Use Experience

Transforming MyTeletalk from a utility app into a lifestyle destination for every subscriber.

Multiple Touchpoints

Engaging users throughout their day — from morning prayer times to evening entertainment.

One App, Endless Value

Consolidating diverse digital services into a single, cohesive super app ecosystem.

USER EXPERIENCE
